Finnish regulations for importing weapons and ammunition

Nordic firearms permit/ licence holders can travel to Finland with their firearms and ammo. They need to present the permit issued in their home country and an invitation to the shooting event.

The European firearms pass enables EU citizens to transport their firearms to Finland. In addition to the pass, they also need an invitation to the shooting event.

Meals at the shooting range

Coffee, tea and other refreshments, as well as lunch are available at the shooting range every day.
