PLEASE NOTE!

Our conditions for registration by a federation have changed.

FITASC member federations have priority to register their teams for 30 days following the opening date of registrations. They may enter a maximum of one (1) substitute shooter per team and per category. They may either enter their shooters by name in the teams, or reserve the desired number of places.

There is no cancellation insurance for team shooters, but it is possible to replace shooters up until the day before the competition.

In the event that:

- the federation cancels its entry,

- the event is cancelled by the organiser in the event of force majeure.

* If the cancellation is made MORE THAN 45 days before any competition in the Sporting discipline / MORE THAN 30 days before a competition in any other discipline, your entry will be reimbursed by the FITASC after deducting a 10% administration fee.

* If the cancellation is made LESS THAN 45 days before any competition in the Sporting discipline / LESS THAN 30 days before a competition in any other discipline, there will be NO REFUND (but can be replaced by a new shooter).

These cancellation conditions apply to all competitions **from 1 January 2025.**

CONDITIONS FOR REGISTRATION WITH A NATIONAL FEDERATION
(NATIONAL TEAMS AND SUBSTITUTES)

Dear Member,

Further to your federation entering one or more national teams for a competition organised under the auspices of the Fitasc by one of its members, we invite you to read the following entry conditions carefully before the event:

1. ENTRY CONDITIONS

- Team entries are reserved for national federations belonging to the Fitasc that are up to date with the payment of their membership fees.
- By entering a competition, national federations implicitly undertake to ensure observance by their national teams of all the provisions of the Fitasc's rules and the rules of the competition concerned.

2. MANDATORY PERSONAL LIABILITY INSURANCE

National federations must ensure that each of their members entered for a Fitasc competition holds a valid individual civil liability insurance policy covering participation in clay-pigeon shooting and all its forms and related disciplines. This cover must apply in the country organising the competition concerned.

3. MEDICAL RECOMMENDATIONS

The conditions in which FITASC competitions take place can be physically demanding, particularly on the discipline Sporting (high temperatures, walking on rough terrain, slippery floor). Also, before any registration, shooters with chronic diseases (notably cardiovascular, renal, metabolic, joint) must ensure the absence of contraindications, by seeking the advice of their attending physician if necessary. In all cases, it is imperative to bring your usual medication, and take it regularly throughout the competition.

4. ENTRY AND PAYMENT PROCEDURES

- Competition places are reserved in the order of the entries received and subject to the number of places available. Entries become final and are confirmed only after collection of payment.
- Competitions are organised as full-day or half-day events. In the case of a competition divided into half-days, the federation may state, on the entry form, its preference for inclusion of its national team(s) in the morning or afternoon group on the first day. This preference will be taken into account as much as possible, in order of registration and subject to the number of places available on each half-day. If for any reason the organiser decides to change the competition schedule, the FITASC cannot be held responsible for the consequences of this change. Consequently, each shooter undertakes to check on the eve of the competition the exact time when he/she is due to start shooting.
- FITASC member federations have priority to register their teams for 30 days following the opening date of registrations. They may enter a maximum of one (1) substitute shooter per team and per category. They may either enter their shooters by name in the teams, or reserve the desired number of places.

  There is no cancellation insurance for team shooters, but it is possible to replace shooters up until the day before the competition.

  All national team bookings, with or without the shooters' names, must be paid for:

  - No later than 45 days before the competition (Sporting discipline);
  - No later than 30 days before the competition (all other disciplines).
- If the federation wishes to enter additional individual shooters:

  - The federation must contact the FITASC, which will register these shooters individually;
  - Cancellation insurance will be offered as an option (see individual registration conditions);
  - Registrations will not be validated until payment has been received.
- An entry form may only be used for one single competition.
- During the registration period, the National Federations must check that the shooters appearing on the list of individual registrations are licensed members of their Federation, insured and up to date with the payment of their membership fees.

Entry and payment procedures

Payment via:		**Deadlines** **Priority entry reservation period for federations**	**Deadline for registration of shooters' names**	**Procedure to be followed**	**Pre-registration pending confirmation of payment**	**Confirmation of final registration** (please save and produce in case any difficulties arise)	**Entry fee surcharge**

Before a shooter's confirmed entry for a competition, the Fitasc may not be held liable on any basis whatsoever and for any reason whatsoever for any consequences (expenses for bookings, travel, hotel accommodation and any other ancillary costs, whether direct or indirect) of the following:

- cancellation of the scheduled competition;
- postponement;
- change of location;
- change in the number of days of competition.
