**PROGRAM**  
**19-22 FEBRUARY 2026**

# 2026 PROGRAM

The 2026 World FITASC Fosse Universelle-UT Championship will be hosted at the Melbourne Gun Club, located in the heart of Victoria's Yarra Valley. This clay shooting discipline, holds a prestige that rivals the Olympic Trench discipline, making the World Championship a truly special event.

To deliver an event of this calibre, a first-class professional setup is essential. That's why the International Federation (FITASC) has entrusted the Melbourne Gun Club and UT Australia with the responsibility of organising this prestigious competition.

On behalf of the Melbourne Gun Club, we are delighted to extend a warm welcome to the world's finest Universal Trench shooters as you gather here for the 2026 FITASC World Championship.

Melbourne is renowned for its vibrant sporting culture and passionate community, and we are honoured to host this prestigious event on our grounds. We look forward to witnessing exceptional talent, sportsmanship, and camaraderie as you compete at the highest level. May your experience in Melbourne be memorable, both on and off the shooting range. Welcome, and best of luck to all!

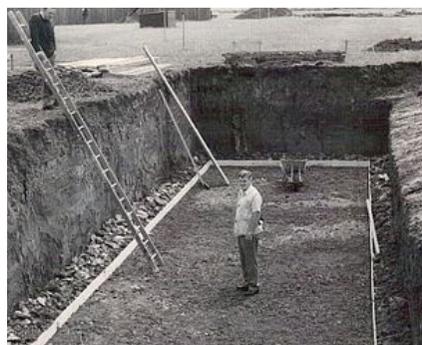

We would like to extend our appreciation to all the sponsors whose generous support have made the 2026 FITASC World Fosse Universelle-UT Championship at the Melbourne Gun Club a reality. Without their dedication, this world-class event would not be possible. Your commitment to the sport and to our community is truly appreciated, and your support ensures that athletes, spectators, and enthusiasts alike can experience a championship of the highest calibre.

# MELBOURNE GUN CLUB

The Melbourne Gun Club, established in 1965, has a rich history of hosting world-class shooting events. Originally focused on Down The Line (DTL or American Trap), our club has evolved into a premier destination for all shotgun disciplines.

In 1973, we proudly hosted the World Championship for Olympic Trap and Olympic Skeet, marking the first time these prestigious events were held in the Southern Hemisphere!

Nestled in the scenic Yarra Valley, with breathtaking views of trees and mountains, the Melbourne Gun Club was also the proud venue for the shotgun events at the 2006 Commonwealth Games. The venue underwent a significant upgrade, including the upgrade of two Olympic Trap and three Skeet layouts, ensuring a successful and memorable competition.

Since then, we've continued to invest in our facilities. In 2019 we added to our Olympic Trap and in 2025 the 4th layout was installed and equipped for championship-level competition! With our 4 layouts for Fosse Universelle-UT, we have two layouts feature Materelli machines, while the other two utilise Laporte machines. All layouts are equipped with Elfipa voice release and electronic TV scoring.

Beyond the shooting ranges, our large, comfortable clubhouse provides a welcoming atmosphere with heating and air conditioning, a cafe, a bar, and modern bathroom facilities. This all makes the Melbourne Gun Club the perfect venue to host the 44th World Championship for Fosse Universelle-UT.

***We look forward to welcoming you to our historic and state-of-the-art facility.***
