Starting FITASC Compak "In line"

# Starting FITASC Compak “In line”

## Step 1

The referee with manual release stands to the left of position 1 (***out of peripheral view***) additional referee centrally positioned. Shooter 1 is in position 1.

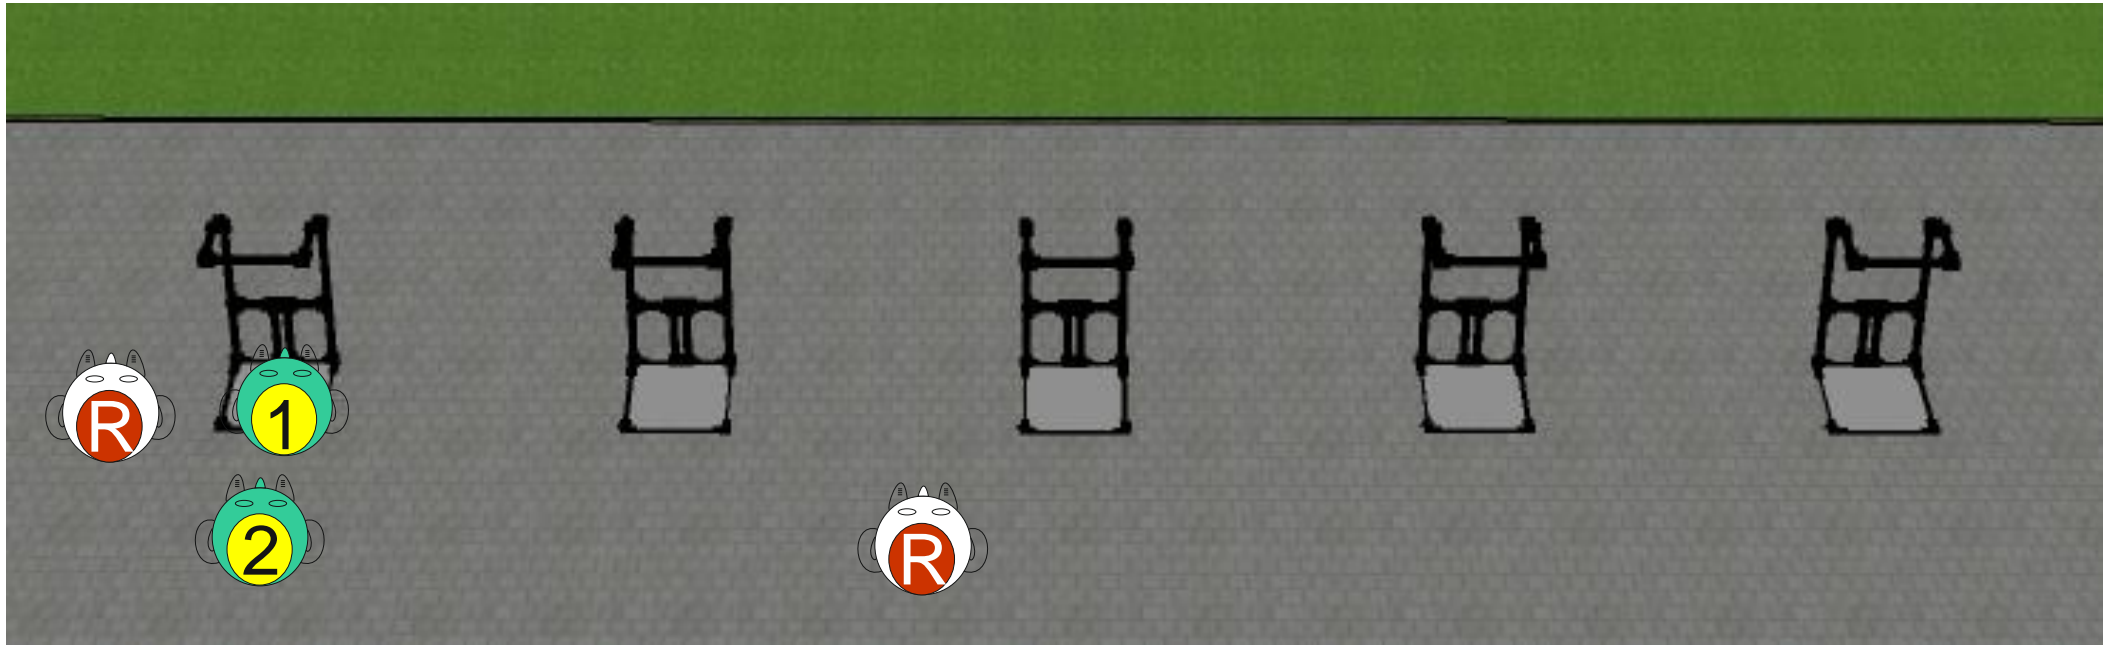

Referee shows all the single targets A – F maximum of 2 each target. For ***Simultaneous*** double(s), the referee shows the **complete** double(s) **after** shooter 1 has shot **all** their single target(s).

For ***Report*** double(s) the referee only shows the the first target of the double(s) menu in position 1 (no shooter in position 5) to the shooter in position 1 **after** the singles have been shot. Repeat if there is a second report double

# Starting FITASC Compak “In line”

## Step 2

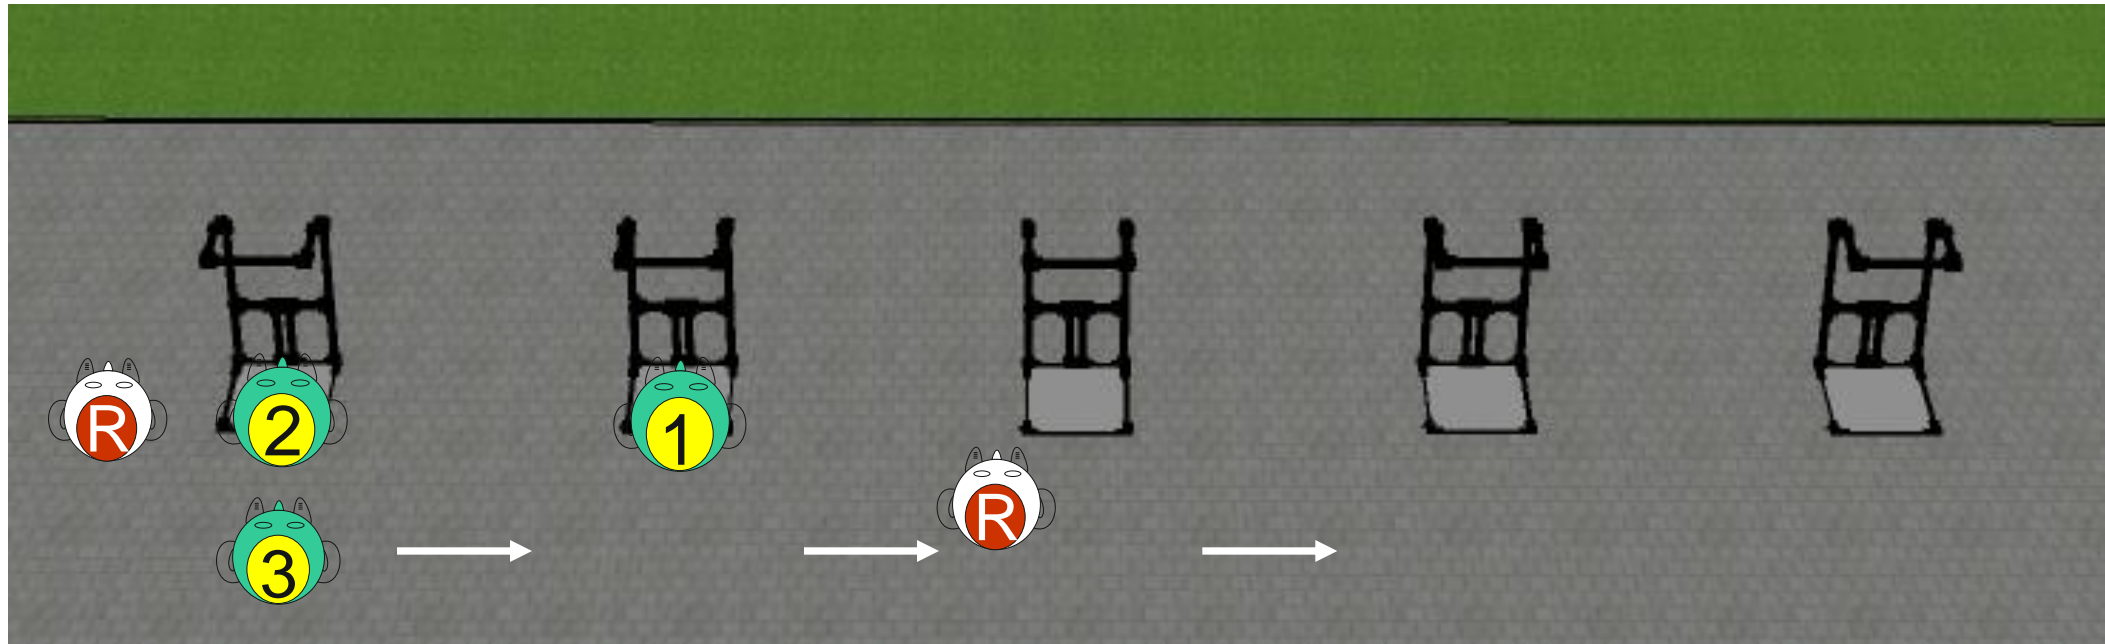

The referee is to the left of position 1. Second referee centrally positioned. Referee calls **competition** or **start**. Shooter 1 is in position 1 and shoots all the singles in menu order then the double(s).

For **Report** doubles the referee shows the first target of the double(s) to the first shooter **before** he/she attempts each double(s) (till a shooter is in position 5). For **Simultaneous**, shooter 1 is shown their first double then shoots, he/she is then shown the second double (if there is one) and shoots the second double.

# Starting FITASC Compak “In line”

## Step 3

Shooters 2 & 1 shoot their singles in turn then their double(s) in turn.

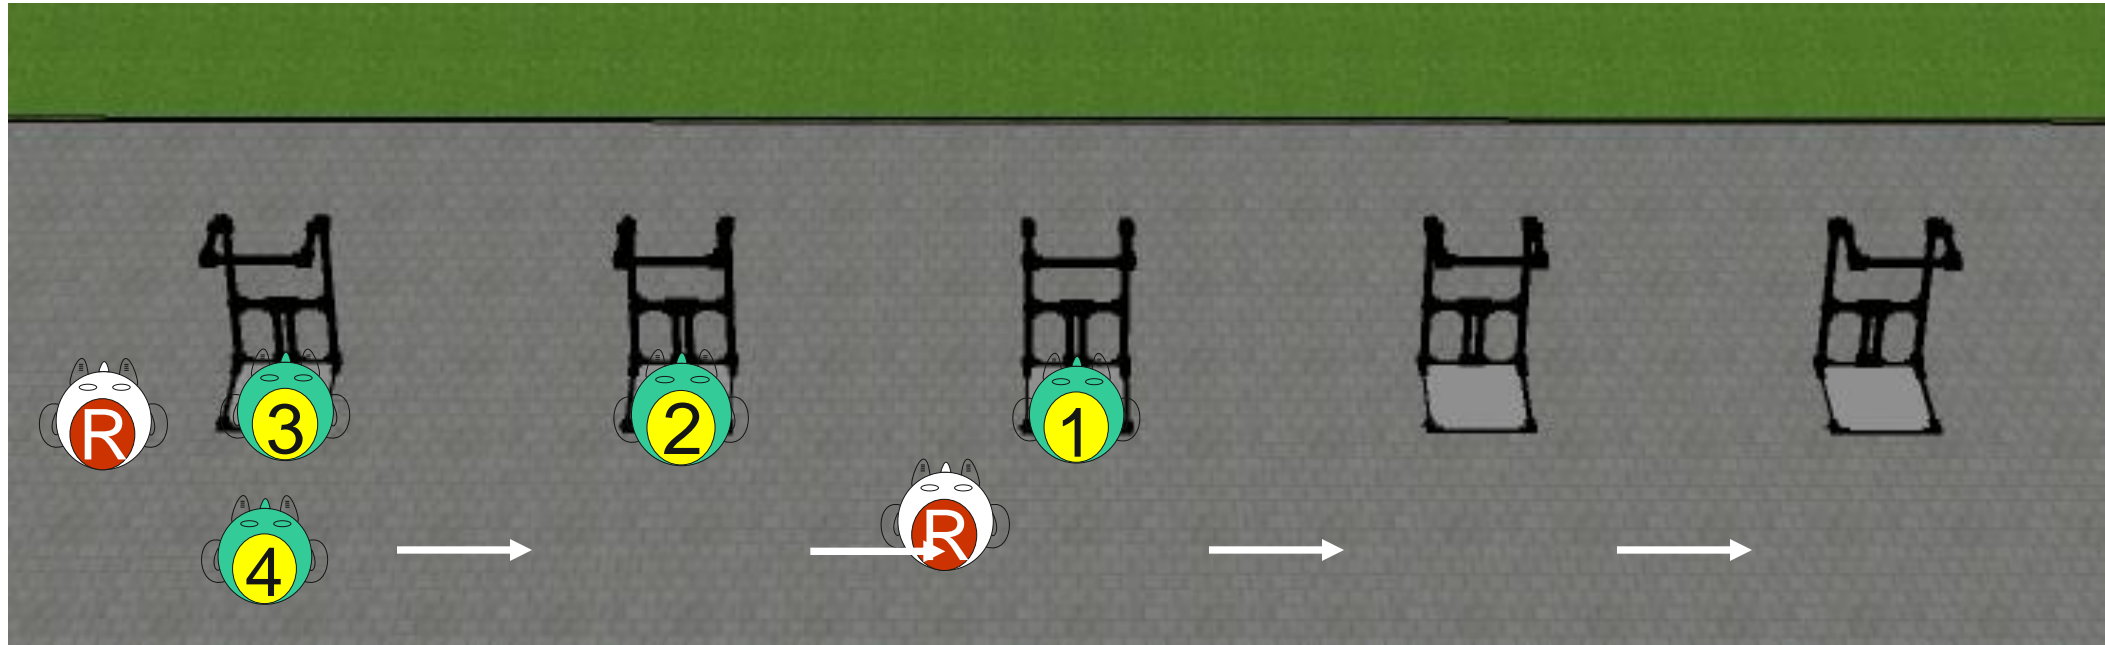

After all **single** targets have been attempted, the referee shows the first target of a **Report or Simultaneous** double as recorded on the menu to the **new** shooter in position 1 **before** they attempt each double (no shooter in position 5), repeat for a second double. For **Simultaneous** double, the referee shows the complete double to the shooter (1) in position 2 **before** they attempt each double

# Starting FITASC Compak “In line”

## Step 4

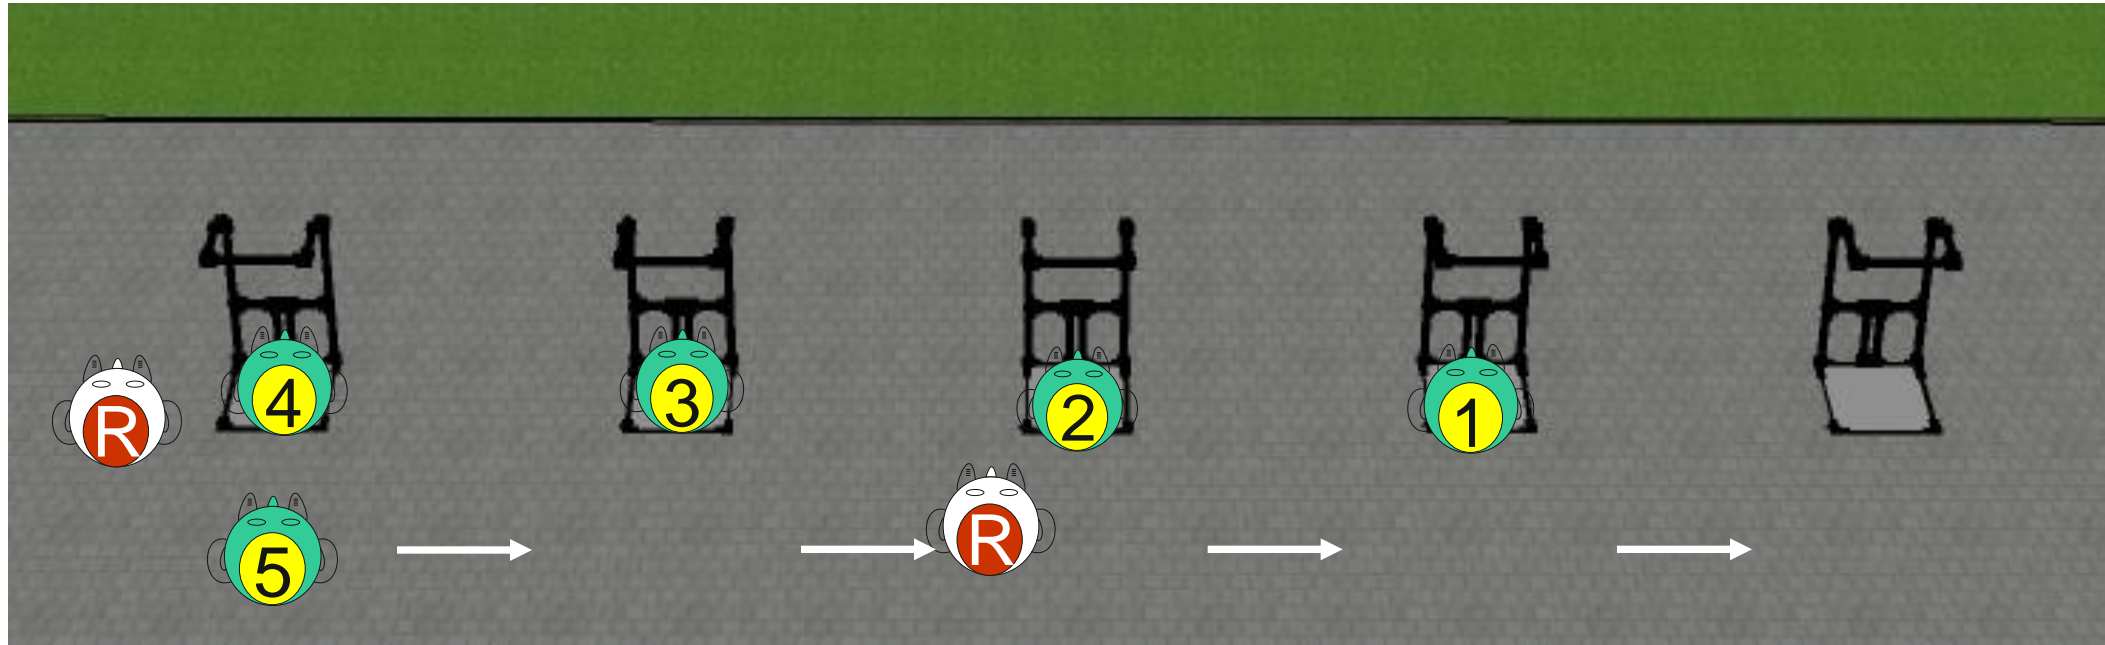

Shooters 3, 2, & 1 shoot their singles then their double(s) in turn.

After all **single** targets have been attempted, the referee shows the first target of a **Report or Simultaneous** double as recorded on the menu to the **new** shooter in position 1 **before** they attempt each double (no shooter in position 5), repeat for a second double. For **Simultaneous** double, the referee shows the complete double to the shooter (1) in position 3 **before** they attempt each double

# Starting FITASC Compak “In line”

## Step 5

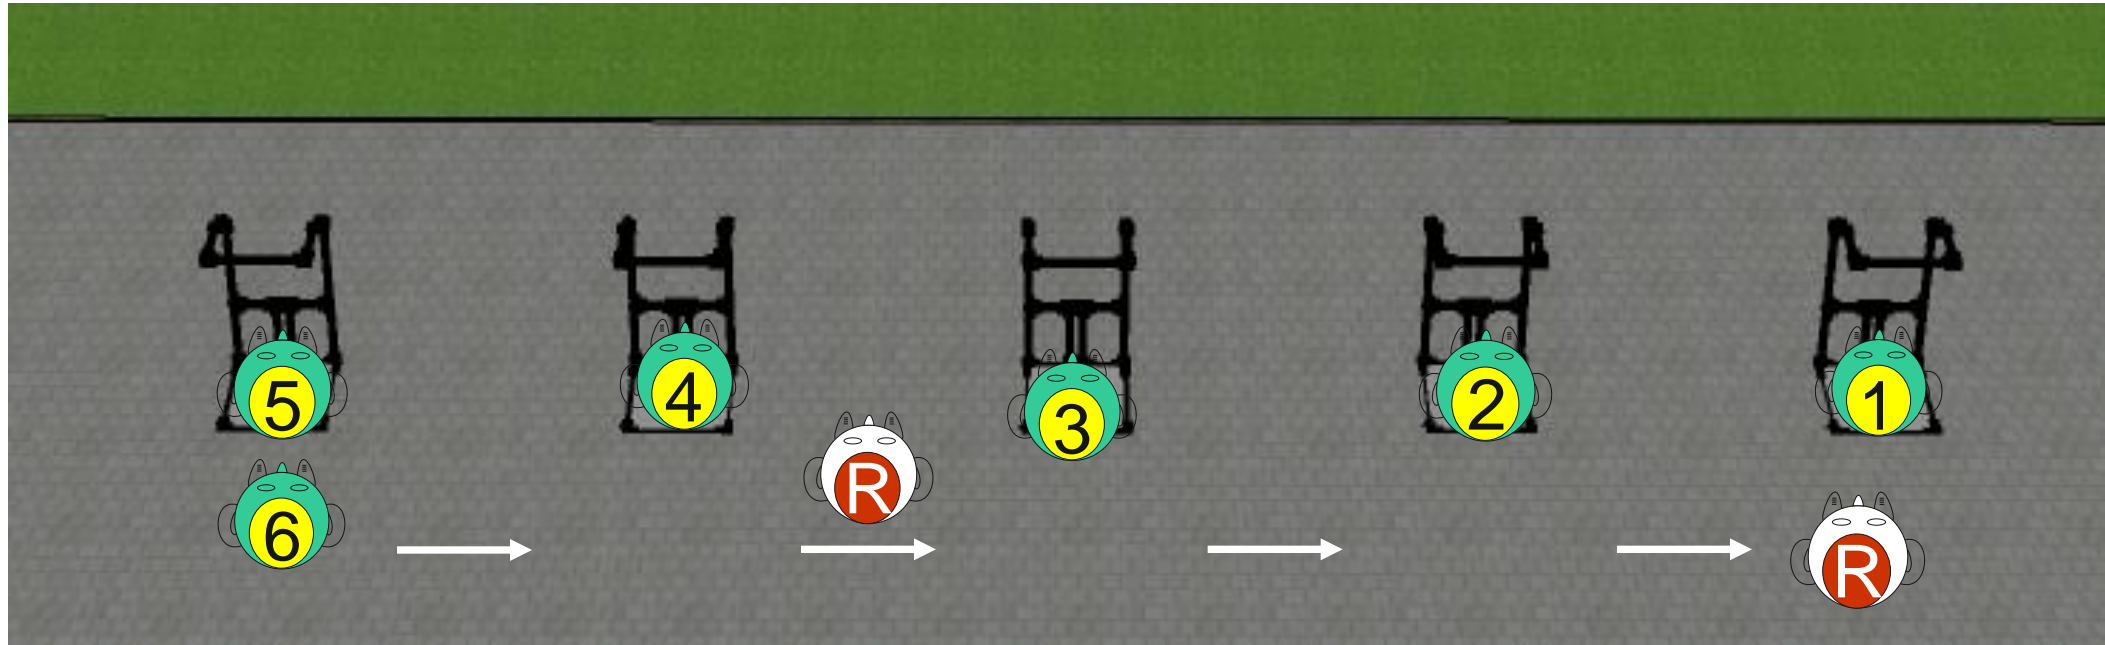

Shooters 4, 3, 2, & 1 shoot their singles then their double(s) in turn.

After all **single** targets have been attempted, the referee shows the first target of a **Report or Simultaneous** double as recorded on the menu to the **new** shooter in position 1 **before** they attempt their double (no shooter in position 5), repeat for a second double. For **Simultaneous** double, the referee shows the complete double to the shooter (1) in position 4 **before** they attempt each double

# Starting FITASC Compak “Inline”

## Step 6

Shooters 5, 4, 3, 2 & 1 shoot the singles and then double(s) in rotation.

The line is now complete, **no requirement** to show **any** targets to **position 1**.

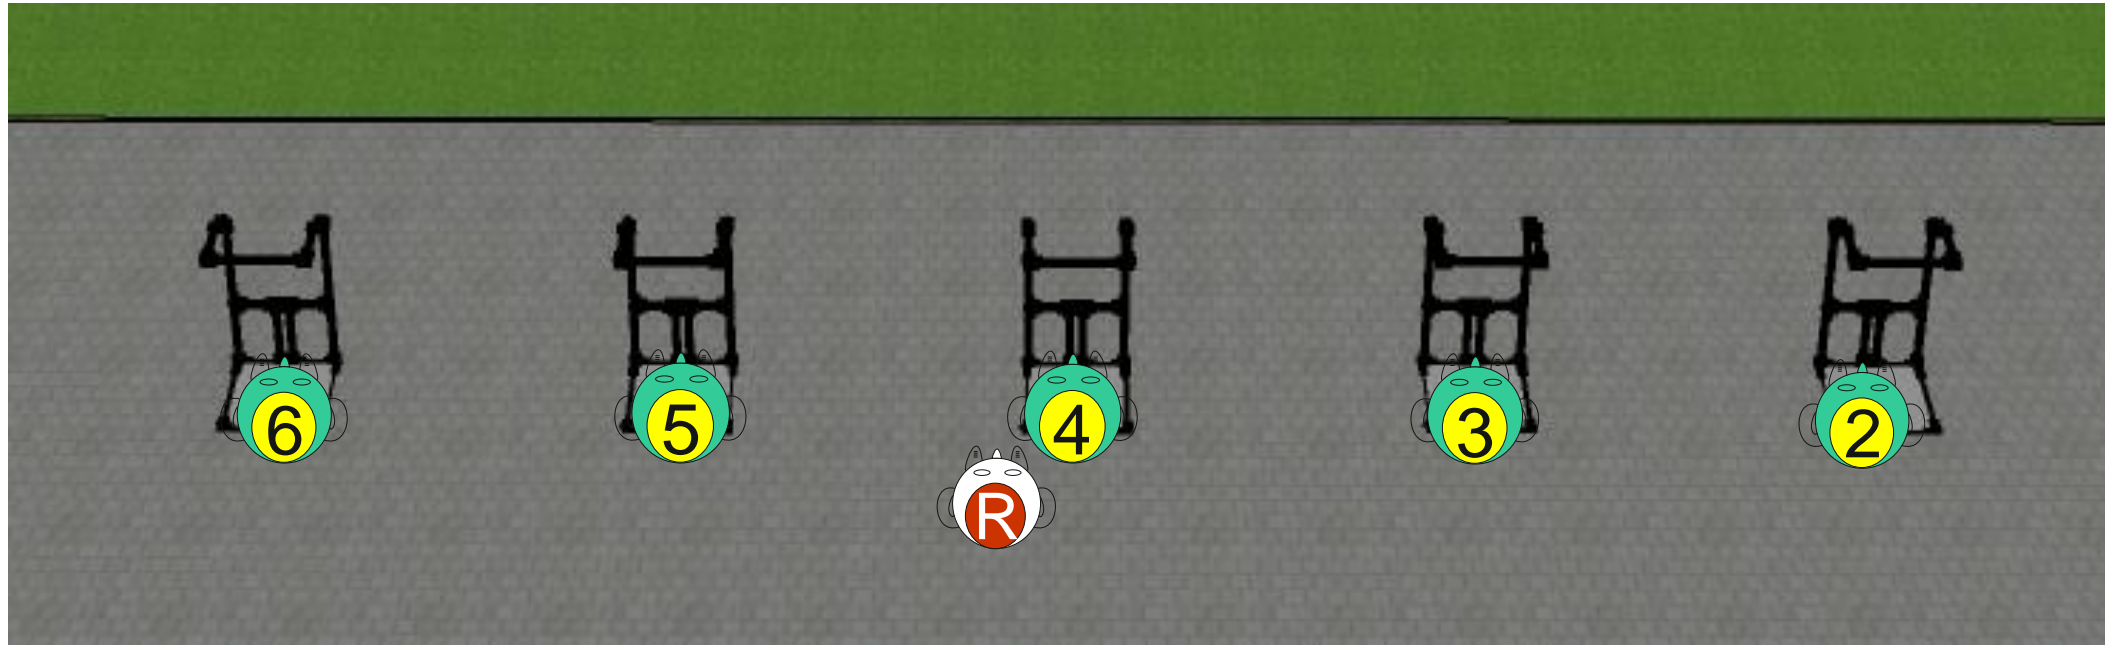

For **Simultaneous** double(s), the referee shows the final double(s) to the shooter (1) in position 5 **before** they attempt each double.

***No requirement to show any more doubles after shooter No1 has finished their double(s) as the line is now complete.*** Referee moves to the master score sheet signing position.

# Starting FITASC Compak "Inline"

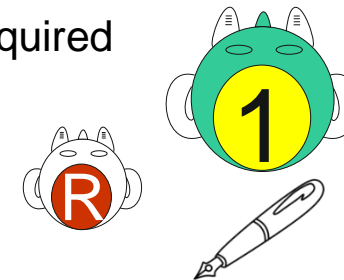

## Step 6

Shooters 6, 5, 4, 3, & 2 continue to shoot the sequence no show targets required

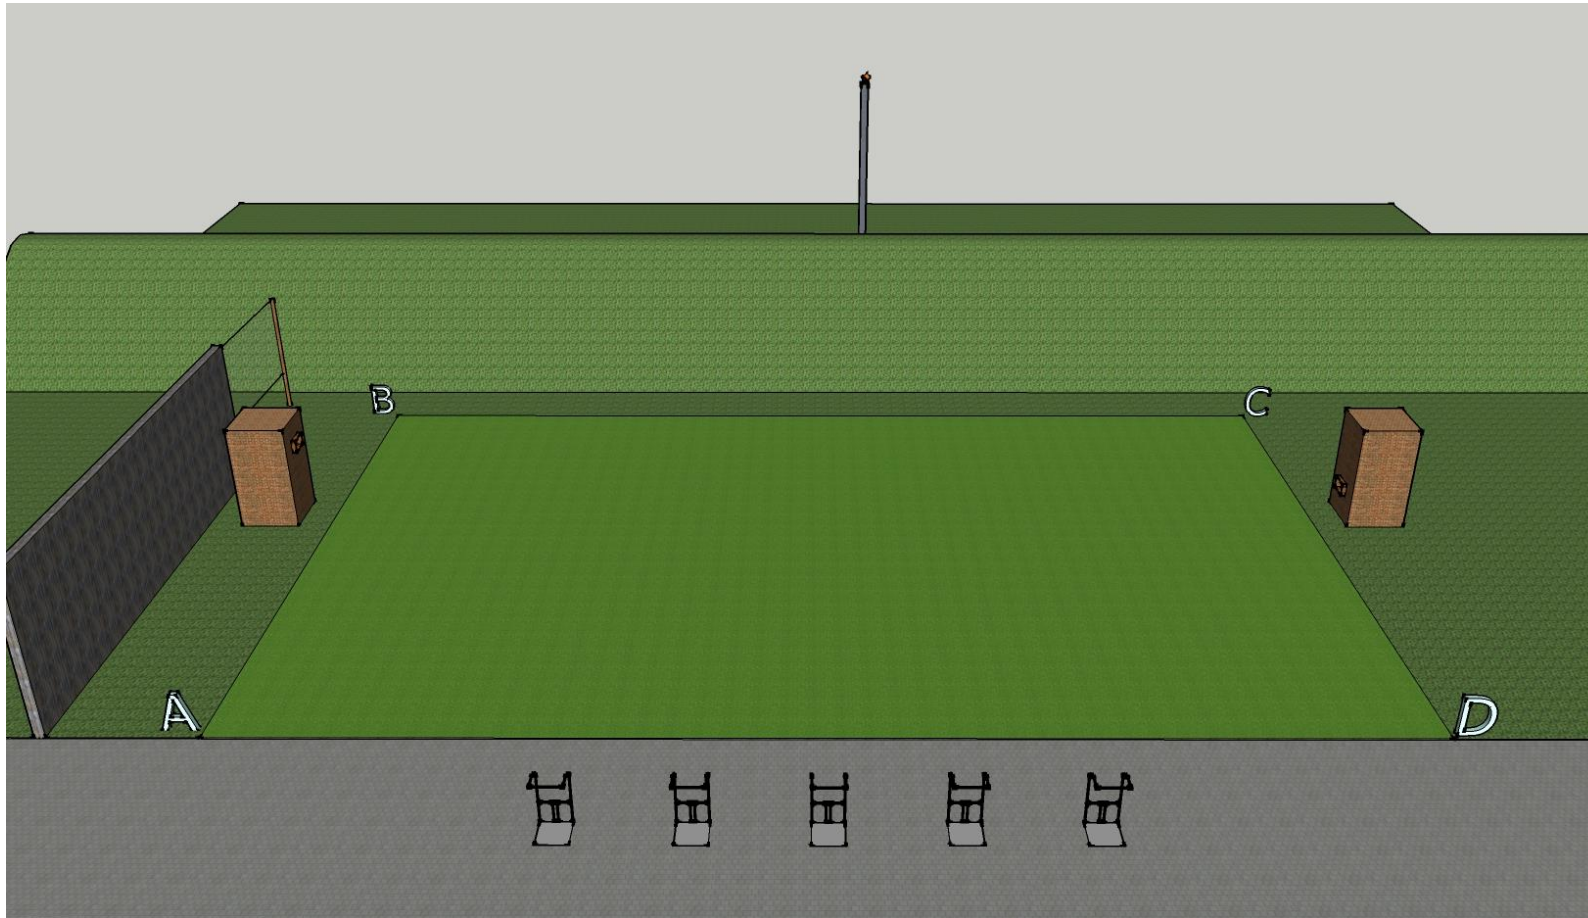

Shooter 1 → Checks & sign the score sheet

Finishing FITASC "In line"

# Finishing FITASC Compak "In line"

## Step 1

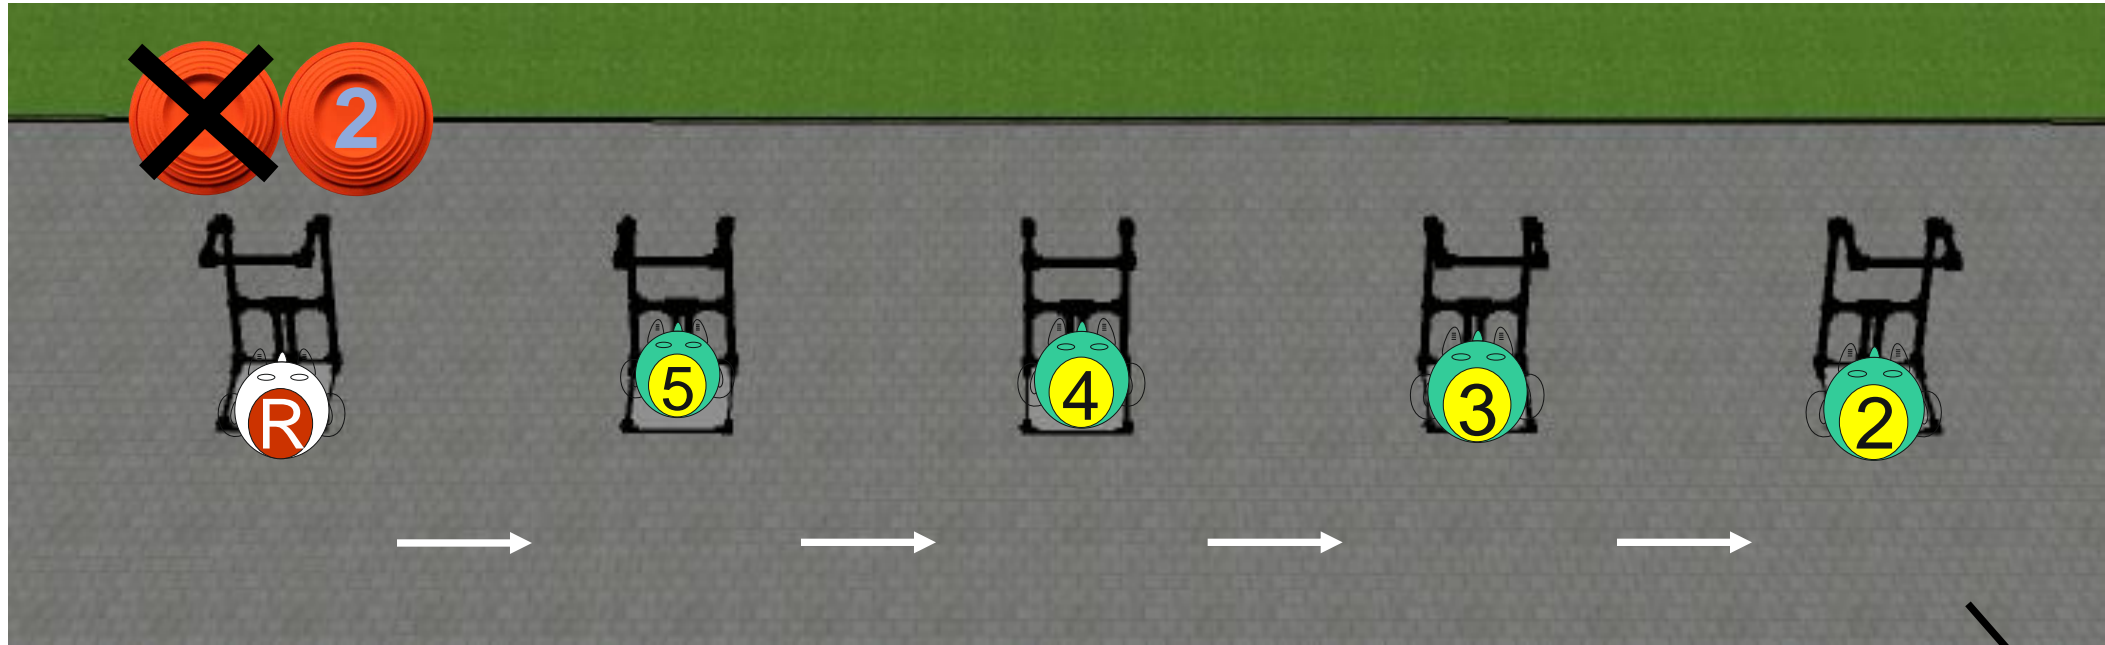

Shooters 5, 4, 3, 2 & 1 shoot the complete sequence in line order, Referee moves to left of position 1 with hand controller.

# Finishing FITASC Compak "In line"

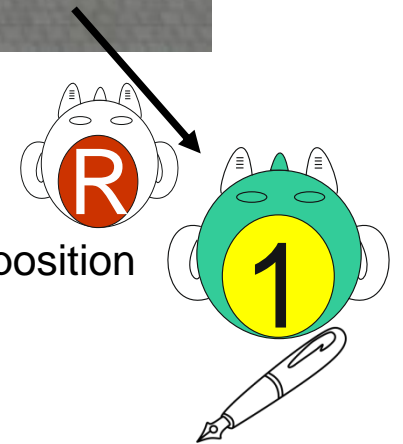

## Step 2

Shooter 1 is leaving the line and must sign the score sheet.

Shooters 5, 4, 3 & 2 continue to shoot the sequence

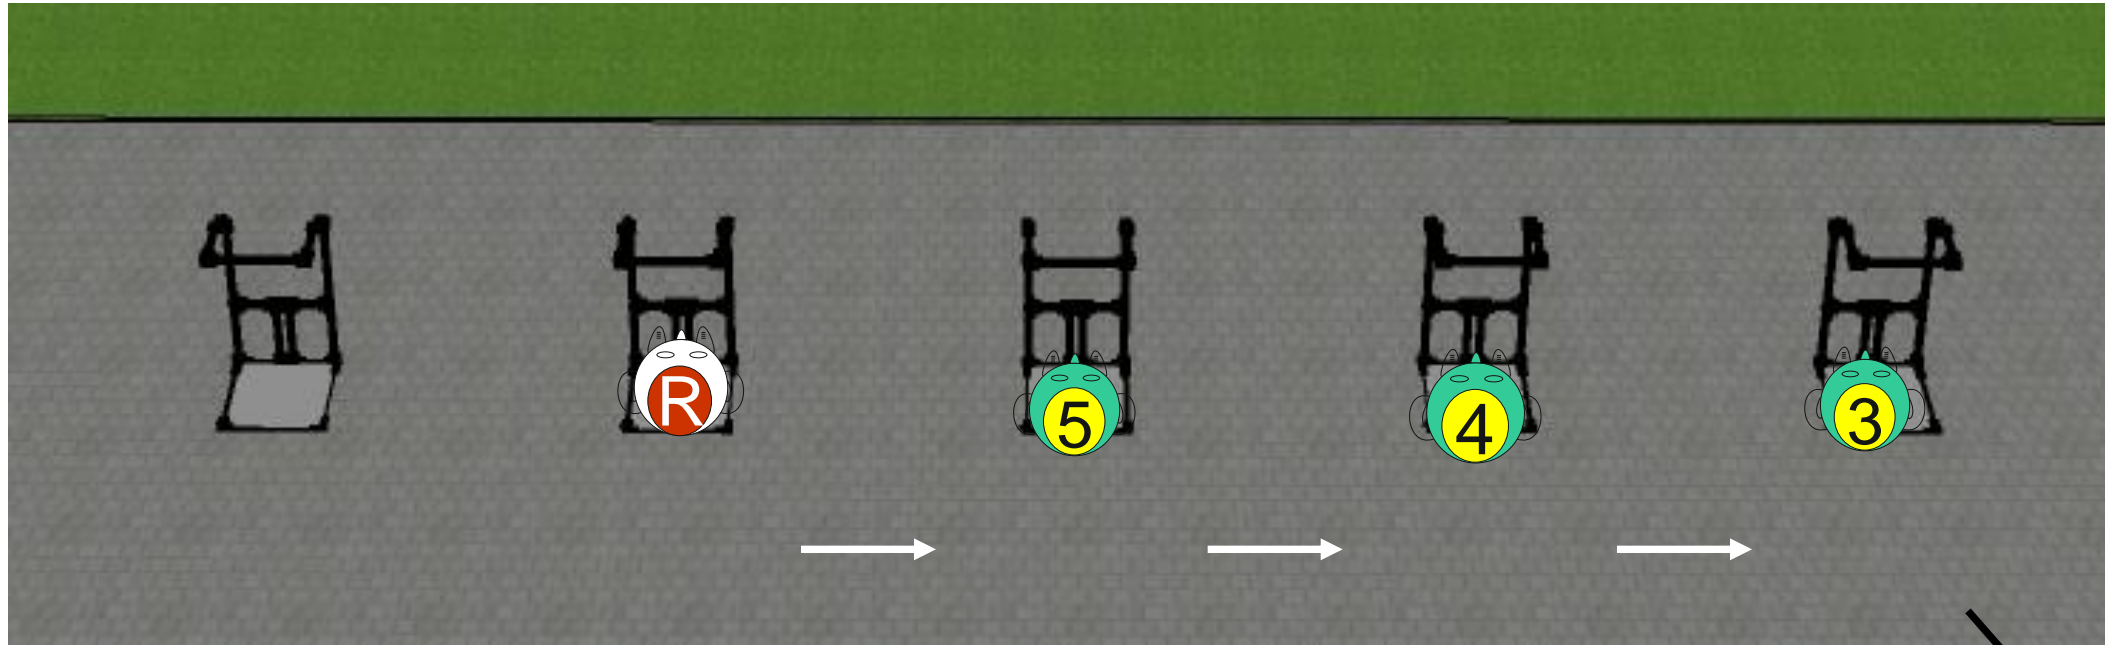

The referee with hand control moves into position 1. Only shows the last target of the double(s) of position 1 to position 2 before shooter 5 attempts their double(s)

# Finishing FITASC Compak "In line"

## Step 3

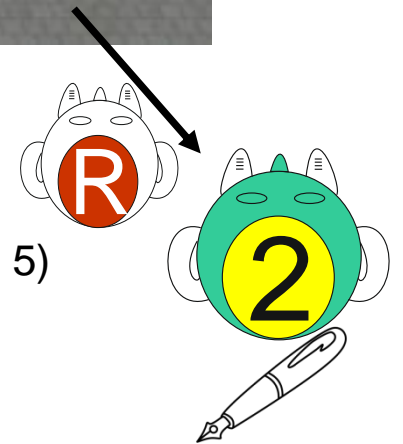

Shooter 2 is leaving the line and must sign the score sheet.

Shooter 5, 4 & 3 continue to shoot the sequence.

The referee in position 2 shows the last target of the double(s) of position 2 to position 3 (shooter 5)

Before they attempt their double(s).

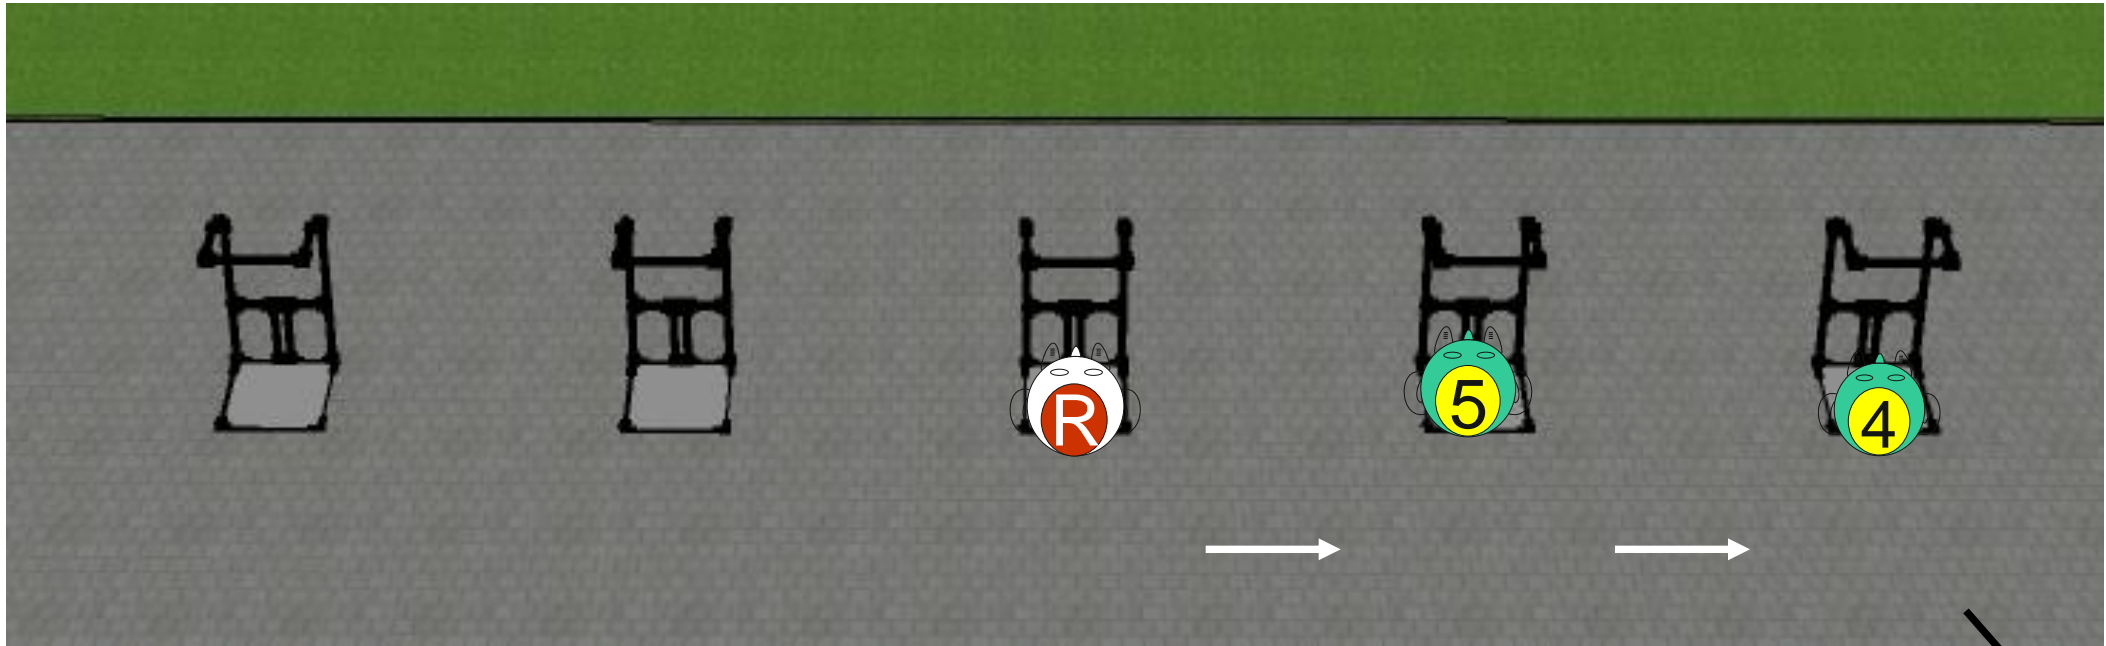

# Finishing FITASC Compak "In line"

## Step 4

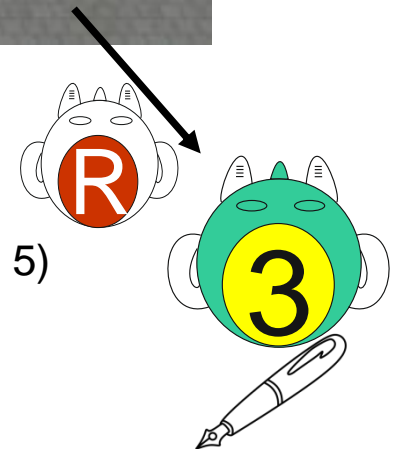

Shooter 3 is leaving the line and must sign the score sheet.

Shooter 5 & 4 continue to shoot the sequence.

The referee in position 3 shows the last target of the double(s) of position 3 to position 4 (shooter 5)

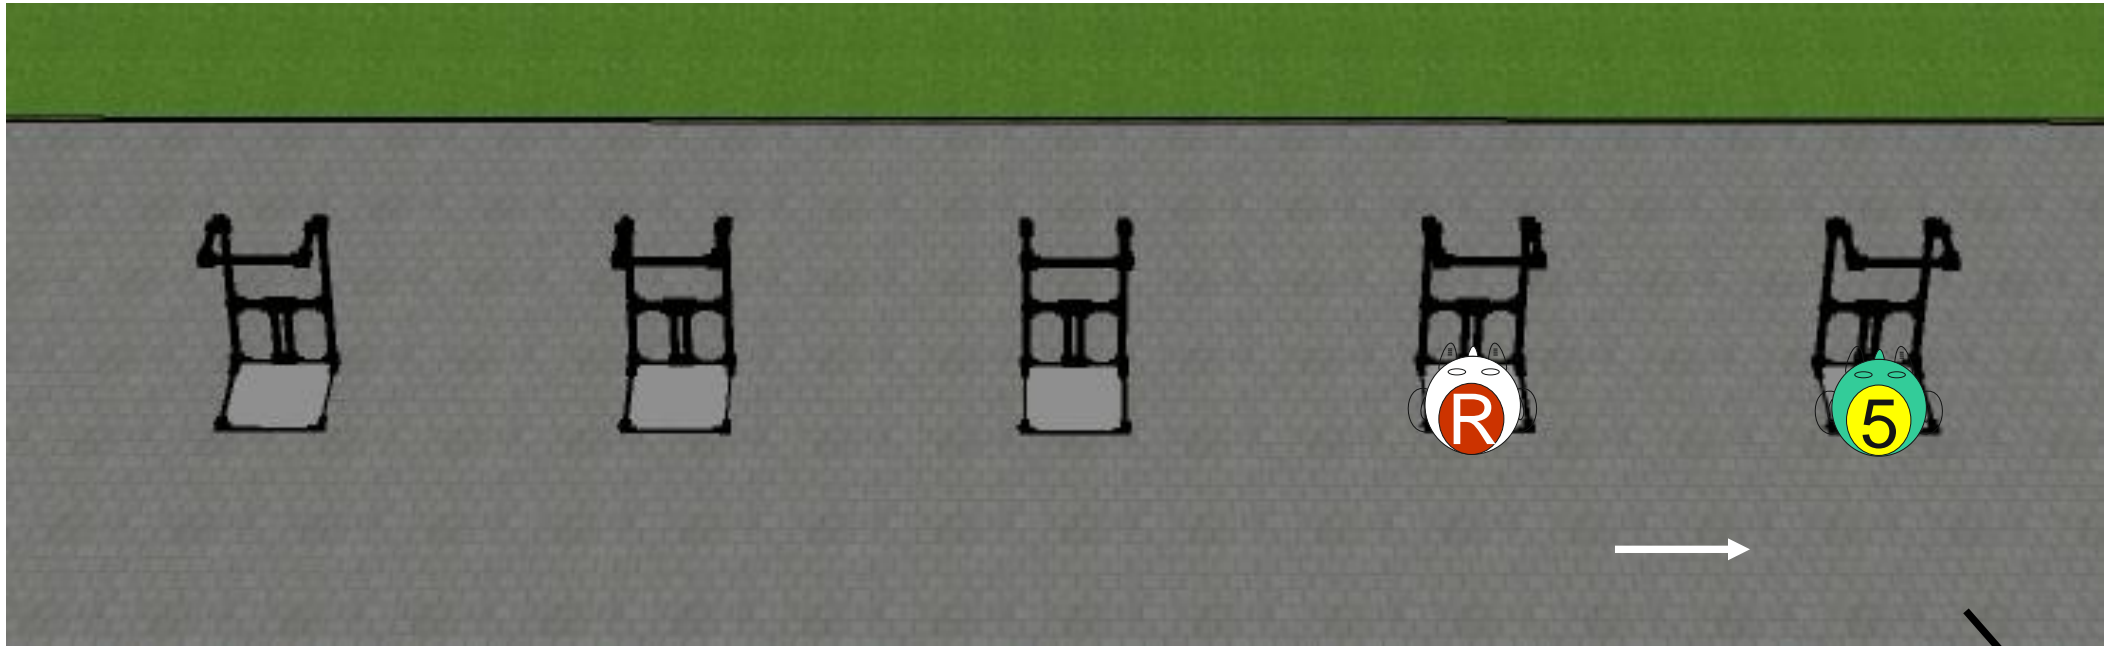

Before they attempt their double(s).

# Finishing FITASC Compak "In line"

## Step 5

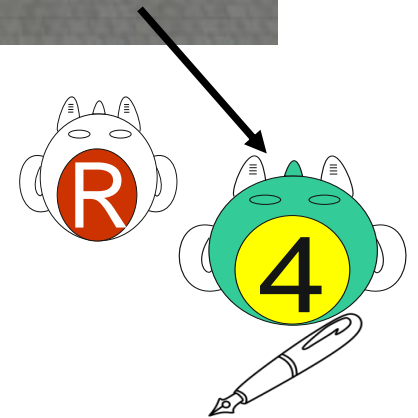

Shooter 4 is leaving the line and must sign the score sheet.

Shooter 5 now shoots **all** the final targets in menu order.

The referee in position 4 shows the last target of the double(s) to position 5 (shooter 5)

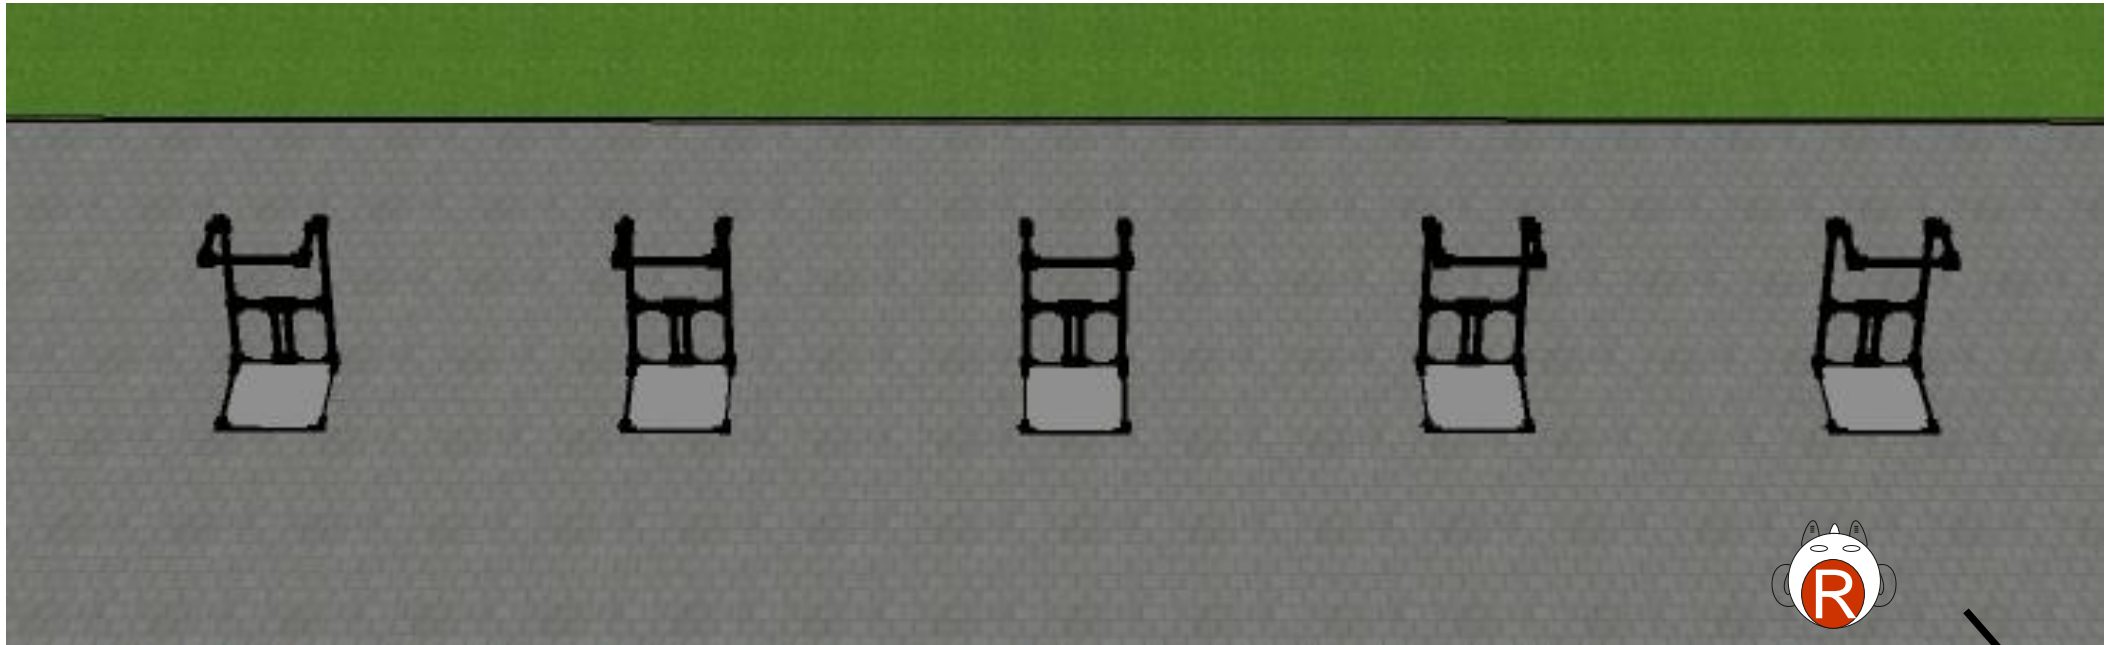

Before they attempt their double(s).

# Finishing FITASC Compak "In line"

## Step 6

Shooter 5 is leaving the line and must sign the score sheet.

The line is ended.
